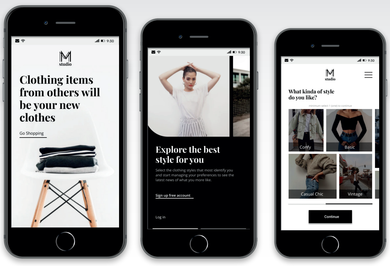
Second Hand Cloth Studio

Mobile App Steps

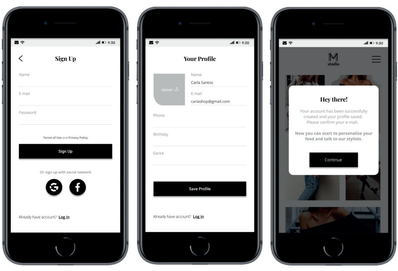


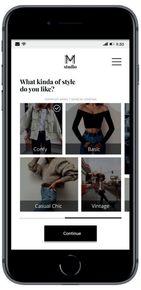
About the project

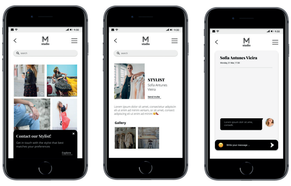
This project "MM Studio" is a second-hand cloth store. Was made with the particularity of having a personal stylist associated with your style of clothing. In addition to being able to take advantage of new clothes, you can also customize them to your taste.
It is a mixed service since half the process is in the app and the final proof and acquisition is in the physical studio.

1. Start from

You can start using the app by creating an account. Or by logging in if you already have a profile created.

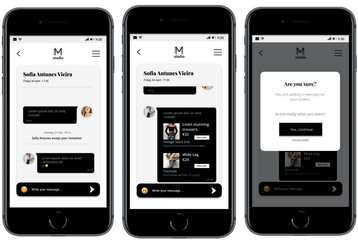






2. Select your style and meet your stylist

Now, you can select the types of clothes that fit your tastes.
Based on your choices, a stylist will be associated with your profile.



3. Contact your stylist

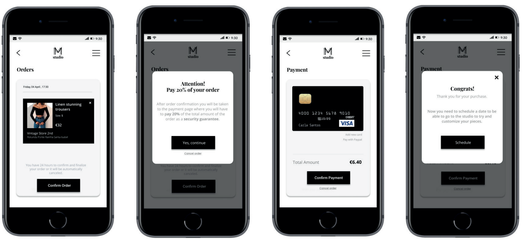
Start by talking to the stylist. She will send you suggestions for the available clothes that are according to your tastes.

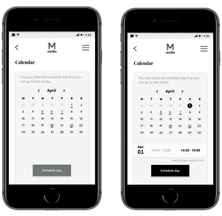
If you like any clothes you can reserve them immediately. You just have to click on the button in the chat associated with that garment.

4. Confirm the order and pay the signal

When you reserve a piece of clothing, it will be necessary to confirm the order. T
his is an important step if you want the piece.

To validate this confirmation it is necessary payment of 20% of the total value of the piece will be requested.



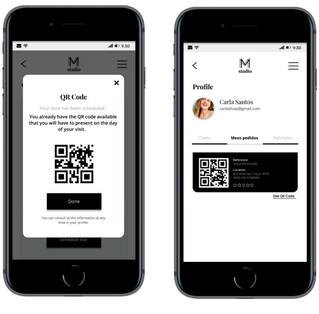


5. Schedule a visit to the studio

The other phase of the purchase is in the studio.
For that, you are asked to schedule a day that has availability. Choose the option of the available time that best suits you.

6. Receive your QR Code

When you already have a date to go to the studio, a QR Code will be created associated with your purchase, which you will have to present when you arrive at the studio.



Thanks for your time!
